About Larmer Brown

Larmer Brown has been delivering learning solutions to corporate clients since 1984. Our services have evolved in order to deliver a portfolio of offerings to support clients through each phase of their learning project, system implementation or upgrade.

domin**Know** | ONE offers all the features of an eLearning Authoring System together in one solution, allowing your Content Authors to work collaboratively to rapidly create engaging learning content.

There is much to learn to be able to utilise domin**Know** | ONE effectively and efficiently to support your development project. In addition to becoming skilful in authoring and editing, it is vital that your environment is correctly configured, and you set standards for the look, feel and function of your content.

Course Overview

This is a modular workshop usually 2 to 3 days in duration, customized to meet your specific requirements. During a pre-call we will agree which of the Workshop modules are required.

To gain full value from this Workshop, delegates are asked to complete the integrated feature/function eLearning in domin**Know** | ONE as a pre-requisite to attending the Workshop.

Workshop Modules

Session 1: Walkthrough of domin**Know** | ONE key functionality

Session 2: Review current Training and Business Strategy

Session 3: Discuss Content Development Standards and Best Practice

Session 4: Delegates to create exemplar or prototype products that comply with Best Practice

Session 5: Confirm Content Development Standards and Best Practice, based on the outcome of Sessions 3 and 4

Session 6: Creation of report to incorporate sessions 3 and 4. (Additional day required for Larmer Brown to compile)
