

# Collaborative Learning with Microsoft Teams

## FAMILIAR PLATFORM

- Easy to implement
- Consistent successful learning
- Makes the most of existing skills

## ONE CONNECTED SYSTEM

- Training at point of need
- Relevant to a project or department
- Assigned specifically to a team, channel, or individual

## COLLABORATIVE LEARNING

- Collaborate throughout the learning process
- Live training resources
- Find training 24/7 with the LMS365 chat bot

## DID YOU KNOW...

Microsoft Teams is free to all Microsoft 365 users. When combined with LMS365, the Learning Management System built in Microsoft 365, you can maximise the training potential of your organisation.
